Endnotes to 2019 Dental Standard Benefit Plan Designs

Pediatric Dental EHB Notes (only applicable to the pediatric portion of the Children's Dental Plan, Family Dental Plan or Group Dental Plan)

- 1) Cost sharing payments made by each individual child for in-network covered services accrue to the child's out-of-pocket maximum. Once the child's individual out-of-pocket maximum has been reached, the plan pays all costs for covered services for that child.
- 2) In a plan with two or more children, cost sharing payments made by each individual child for in-network services contribute to the family in-network deductible, if applicable, as well as the family out-of-pocket maximum.
- 3) In a plan with two or more children, cost sharing payments made by each individual child for out-of-network covered services contribute to the family out-of-network deductible, if applicable, and do not accumulate to the family out-of-pocket maximum.
- 4) Administration of these plan designs must comply with requirements of the pediatric dental EHB benchmark plan, including coverage of services in circumstances of medical necessity as defined in the Early Periodic Screening, Diagnosis and Treatment (EPSDT) benefit.
- 5) Member cost share for Medically Necessary Orthodontia services applies to course of treatment, not individual benefit years within a multi-year course of treatment. This member cost share applies to the course of treatment as long as the member remains enrolled in the plan.

Adult Dental Benefit Notes (only applicable to the Family Dental Plan and Group Dental Plan)

- 6) Tooth whitening, adult orthodontia, implants, veneers, and adult services noted as Not Covered on the Copayment Schedule are not covered services.
